This Association is the largest, oldest and most successful Mutual Insurance Association in California and the majority of its members are in and near San Francisco where it is best known. It now confines its Agencies to the Pacific Coast. The wisdom of this act is shown by the strenuous efforts made by the Eastern companies for California business, recognizing as they do, the necessity of equalizing the extra death rate elsewhere caused by climatic conditions. "An insurance company that reaches the Pacific is liable to disasters common to the merchant who spreads his business over all Creation."

NO MEMBERSHIP FEE NO MEDICAL FEE

San Francisco, February 24th, 1887.

To the Trustees Home Benefit Life Association.

Gentlemen: I have this day received payment in full on the insurance policy left to me by my father, William Koch, and thank you for the promptness and dispatch with which you have settled this claim—it being only 18 days since my father's death.

Yours truly

MISCELLANEOUS.

HALL'S HAIR RENEWER.

Vegetable
Sicilian

The great popularity of this preparation, after its test of many years, should be no assurance, even to the most skeptical, that it is really meritorious. Those who have used HALL'S HAIR RENEWER know that it does all that is claimed.

It causes new growth of hair on bald heads—provided the hair follicles are not dead, which is seldom the case; restores natural color to gray or faded hair; preserves the scalp healthy and clear of dandruff; prevents the hair falling off or changing color; keeps it soft, pliant, lustrous, and causes it to grow long and thick.

HALL'S HAIR RENEWER produces its effects by the healthful influence of its vegetable ingredients, which invigorate and rejuvenate. It is not a dye, and is a delightful article for toilet use. Containing no alcohol, it does not create quickly and dry up the natural oil, leaving the hair harsh and brittle, as do other preparations.

Buckingham's Dye

FOR THE

WHISKERS

Colors them brown or black, as desired, and is the best dye, because it is harmless; produces a permanent natural color; and, being a simple preparation, is more convenient of application than any other.
